PART I

GENERAL

Proceedings of the Government of Mysore

READ—

Letter No. 1182, dated the 28th September 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to draw your attention to the fact that, with so many Officers employed on Plague duty, and the near probability of *more* being required should Plague break out in Mysore, the necessity of having a reliable man in charge of the Medical Stores, a charge which is a very responsible one owing to the number of Hospitals and Dispensaries that have to be supplied yearly, and to perform these duties there is at present only an Assistant Surgeon who, in addition to this charge, has the Asylum and Vaccine Institute. There is in the Stores alone, ample work for one man, who should be a man of experience and one not liable to be moved owing to the exigencies of the service.

I would therefore recommend that a retired 1st Class Assistant Surgeon from the R. A. M. C. be appointed on a fixed salary of Rs. 150 per mensem and a free house (there is one attached to the Stores). I enclose an application from 1st Class Assistant Surgeon Wale, at present serving at the Section Hospital, Bangalore. He is highly spoken of by Officers under whom he is now serving, (*vide* testimonials attached), and Surgeon General Sibthorpe also speaks highly of him. He is entitled to his pension, and is willing to send in his papers at once; in the meantime he is prepared to take privilege leave until his pension papers are finally disposed of. From his application you will see that he is a man of 45 years of age, in good health, an Eurasian by birth, and a man of good moral character, and in addition has experience of Store work.

I have therefore the honor to request that you will move the Government for sanction to his employment, as by so doing we shall have the Stores very much better managed than they now are. No Assistant Surgeon has (owing to the exigencies of the service) been there for more than two years; and as they know they are liable to be moved at any time, and as the post involves a considerable responsibility owing to the amount of money that has to be accounted for, they none of them like it. What is wanted is, a reliable trustworthy man with a knowledge of Medical Stores, and one who cannot be moved, and who can concentrate his whole time and energies on this work.

Should Government be pleased to approve of this suggestion, I trust early sanction may be accorded. I propose taking a bond for Rs. 500 as security from him.

No. 4577-8—Mis. 1103, DATED BANGALORE, 1ST OCTOBER 1898.

ORDER THEREON.—Under the circumstances represented in the letter read above, Government agree in thinking that the Medical Stores should be placed in charge of a competent officer who could devote his whole time to the work connected with that institution. They accordingly approve of the Senior Surgeon's proposal to employ Mr. Wale as Superintendent of the Medical Stores on a monthly salary of Rs. 150 with free quarters. The Senior Surgeon is authorized to employ Mr. Wale as soon as the latter disconnects himself with the British Service.

READ AGAIN—

Government Proceedings No. 4087-123—Mis. 1022, dated the 22nd September 1898 *in re* local meetings of the Representative Assembly to be held in the current year.

No. 4773-809—MIS. 1152, DATED BANGALORE, 6TH OCTOBER 1898.

ORDER THEREON.—Owing to the exceptionally heavy strain imposed upon most of the Officers of Government and their establishments by the prevalence of the Plague in the Bangalore City and its threatened outbreak in other parts of the State, there is reason to fear that the materials required for Dewan's Annual Dasara Address cannot all be collected in time to enable its preparation and transmission to the Deputy Commissioners of Districts before the 1st November 1898, which is the date appointed in the Proceedings read above for the meetings to be held at the head-quarters of the various districts. A similar difficulty is also apprehended in the collation and printing of the subjects for discussion at those meetings. Lastly it is desirable to avoid the occasion for taking any part of the Head-quarter Establishment from Bangalore to Mysore for the purpose of the work in question. A postponement of the meetings at the various District Head-quarters to a more convenient date having under the foregoing circumstances become necessary, the Government are pleased to direct that the 1st of December 1898 be substituted for the 1st of November 1898 in the Proceedings quoted above and that wide publicity to this change of date be immediately given to all concerned by the Deputy Commissioners of Districts.

Letter No. 4792—95-93, dated 16th September 1898, from the First Assistant to the Resident in Mysore.

With reference to your letter No. 11715—P. 266, dated the 27th April 1897, I am directed to state that the Government of India were addressed with a view to granting the clerk, who assists the Amildar of the Bowringpet taluk in the payment of pensions to British pensioners at the Kolar Gold Fields, a fixed allowance of Rs. 15 a month in lieu of a capitation grant under Article 782, Army Regulations, India, Volume I, Part I, but have declined to disturb the existing procedure under which a sliding scale of allowance based on the number of pensioners paid monthly, is drawn.

2. As the number of pensioners, &c., paid by the Amildar is now stated to be 114 as per margin, it has been ascertained that the Pay Examiner, Fort Saint George, will have no objection to pass any increase of allowance the Amildar may become entitled to under the rule referred to *supra* (a copy of which is enclosed). The calculation must be made only on the number actually paid each month.

Native Military pensioners (not 97 as stated in your letter No. 14674—Pol. F. 66-93, dated 10th May 1898).	79

782. The following allowances are authorised in the Madras Presidency for the payment of pensions of Europeans and Natives. Clause (c) is also applicable as regards pensioners of the Hyderabad Contingent:—

(a) * * * * *

(b) To a Station Staff Officer (or, when there is none such, the Commanding Officer) Rs. 10 per mensem, when the holders of pension and family certificates fall short of 100, but are not less than 25.

General, dated 1st October 1898.

(c) To a Station Staff Officer (or, when there is none such, the Commanding Officer) when the holders of pension and family certificates amount to or exceed 100 and no officer is specially appointed to the charge, Rs. 14 per mensem, with an increase of Rs. 2 for every additional 50 up to 400 and after that an increase in the rates of Re. 1 for 25 certificates.

The Comptroller to the Government of Mysore.

READ—

Letter No. 152—E., dated the 12th October 1898, from the Secretary to the Board of Examiners, Mysore Local Service and Pleaders' Examinations, recommending that, in consequence of the prevalence of plague, the Local Service Examinations be postponed from the 21st November 1898 and following days to the 30 January 1899 and following days.

No. 5157—MIS. F. 249-92, DATED BANGALORE, 14TH OCTOBER 1898.

ORDER THEREON.—Under the circumstances stated in the above, the Government agree as to the desirability of postponing the Local Service Examinations. Government prefer that the Examinations should be held in the beginning of the next hot season. They accordingly authorize the Board to postpone the Examinations from 21st November 1898 and following days to 3rd April 1899 and following days, and to give due publicity to the postponement as quickly as possible.

Letter No. 1873—36, dated the 14th September 1898, from the Comptroller to the Government of Mysore.

No. 5271-79—P. &. A. 415, DATED BANGALORE, 18TH OCTOBER 1898.

ORDER THEREON.—At the instance of the Deputy Commissioner, Kolar district, the Comptroller to the Government of Mysore brings to notice that Article 537 of the Mysore Service Regulations, under which the sanction of Government is required in respect of travelling allowance bills of officials who travel beyond the jurisdiction of their official superiors, acts with hardship on the Treasury officials accompanying remittances to the State Huzur Treasury and other District Treasuries, as they have to wait for a long time before they receive the travelling allowances to which they are entitled. Government are therefore pleased to exempt the said class of officials from the operation of the Article in question and to authorize the Comptroller to pass their travelling allowance bills on the countersignature of the Officer in charge of the Treasury to which remittances are made.

2. The Comptroller will, accordingly, prepare an addendum to the Mysore Service Regulations, as an exception to Article 537 and submit the same for approval of Government.

2. The report gives detailed information as regards examination of substances submitted to theChemical Examiner for investigation by Magisterial and Police Officers in cases where poisoning is suspected, but is silent as to the result of the eleven analysis of portable water made in six out of the eight districts of the province. It would be interesting and useful, if the omission be supplied in future reports.

I have the honor to request the favor of Government sanction being accorded to the entertainment of the marginally noted additional Police force for employment at the outposts and sub-stations as per annexed statement. The necessity for this additional force has arisen owing to the outbreak of plague in Bangalore necessitating the checking at these outposts, not only as hitherto of arrivals by road into Bangalore, but also of all departures by road from Bangalore who have now to be examined and are only permitted to proceed, if found to be furnished with a pass from the local authority as required by Section 3 of the additional Regulations, dated 27th August.

The proposals of the Inspector General of Police, based on those of the Deputy Commissioner of the Bangalore district, involved the entertainment of the marginally noted force at a total cost of about Rs. 1,600, the idea being to make the outposts regular inspection stations under Regulation 3 of July 25, 1898, but, after careful consideration and discussion with the Deputy Commissioner and Police Superintendent, the Inspector General of Police being absent from the station, it was decided that for the present at any rate the strengthening of the existing outposts as above would meet requirements.

3. The clothing required for the establishment should be supplied at once.

2. Government Proceedings No. 14911-13—Mis. F. 21-96, dated 14th May 1898:—

Letter No. 1159—500, dated 5th May 1898, from the Plague Commissioner in Mysore.

"I have the honor to forward herewith copy of the marginally noted letter together with its enclosures from the Inspector General of Police, submitting the following proposals made by the Superintendent of Police, Bangalore district, for additional police establishment required for the Bangalore district and the city for the proper carrying out of the plague preventive measures.

No. 3808—395, dated 26th April 1898.

The Superintendent of Police asks for :—

(*a*) One Inspector of the 2nd or 3rd grade to be exclusively in charge of all the police on plague duty in the district.

(*b*) One 1st grade Head Constable on Rs. 25+5 for duty at segregation camp, Magadi road.

(*c*) Twenty-six 1st class constables to watch the thirteen burial grounds and burning ghats, Bangalore city.

(*d*) Six 1st class constables for duty under the Health Officer.

(*e*) Two 1st class constables for duty under the Medical Officer at Yesvantapur.

(*f*) Six female servants at Rs. 10 each to assist the police in examining passengers by road.

(*g*) The promotion of the dafadar on duty at Varthur to the rank of jamadar to increase his prestige and sense of responsibility.

(*h*) Seven 1st class constables for duty at the railway stations at Kengeri, Bidadi, Closepet, Channapatna, Mudgere, Kadgodi and Devankondi.

N. B.—(*c d e*). Of these 13 constables for duty at the burial grounds, 6 for duty under the Assistant Health Officer and 2 for duty under the Inspecting Medical Officer, Yesvantapur, or 21 in all have already been deputed for duty and as they have been lent from the regular force allotted for the city, sanction to the appointment of substitutes in the place of these 21 men is urgently necessary.

In recommending these proposals the Inspector General of Police states that of them (*b*) the "sanction to the appointment of a Head Constable on Rs. 25+5 with retrospective effect from January 27th, the date on which he was appointed in anticipation of sanction," and (*d*) "sanction to the appointment of substitutes in place of the twenty-one men already lent for plague duty, [*i. e.*, thirteen to guard the burial grounds, six to work under the Assistant Health Officer, two to work under the Inspecting Medical Officer at Yesvantapur] are most urgently necessary, and I would therefore strongly recommend the sanction applied for being granted, as also the appointment of the additional thirteen men for watching the burial grounds asked for (*vide c*).

As regards the remaining additional establishment asked for I am of opinion that no sufficient necessity exists at present for the appointment of the additional Inspector asked for (*a*) or for the six female servants (*f*) or for the promotion of the dafadar at Vartur to jamadar.

As regards (*h*) "seven additional constables for duty at the railway stations," the Inspector General in a separate communication, (letter No. 3797—394, dated 25th April 1898) has stated that these have been deputed for duty and that substitutes have been appointed, on the Plague Commissioner's instructions, in their place. The correspondence on this subject I am forwarding separately to you with a request that the appointment of the substitutes may be sanctioned.

Finally, as regards the Inspector General's opinion that the charge of the twenty-six constables for duty at the burial grounds should be borne by the municipality, I consider that though the correct registration of deaths is undoubtedly a municipal duty, it is doubtful whether the cost of police, needed as a plague preventive measure to watch the burial grounds, to guard against secret burials and the concealment of deaths can, with absolute fairness, be made chargeable to the municipality."

No. 14911-13—Mis. F. 21-96, dated Bangalore, the 14th May 1898.

Order thereon.—The temporary employment of the additional police establishment applied for is sanctioned, the total cost of the same being Rs. 392 per mensem.

The Inspector General of Police is requested to intimate to the Comptroller the date of entertainment of the additional establishment.

3. Government Proceedings No. 2369-71—Mis. F. 21-96, dated 19th August 1898:—

Letter No. 638, dated 16th August 1898, from the Plague Commissioner in Mysore, requesting sanction to the temporary entertainment of six constables in the place of those who were taken from the Town Police by the Plague Commissioner and his Assistant for orderly duty connected with plague work.

No. 2369-71—Mis. 21-96, dated Bangalore, the 19th August 1898.

Order thereon.—The temporary entertainment of six Police Constables of the last class is sanctioned as requested.

2. The Inspector General of Police will be so good as to intimate to the Comptroller the date of entertainment of the additional police sanctioned and the cost thereof, as the letter of the Plague Commissioner read above omits to furnish the required particulars.

4. Letter No. 2064, dated 16th September 1898, from the Plague Commissioner in Mysore.

I have the honor to forward herewith a copy of letter No. 849—128, dated the 27th ultimo, from the Inspector General of Police, containing a statement of the whole additional police force for plague duty in Bangalore city for the entertainment of part of which Government sanction has already been accorded and for the rest of which such sanction is now requested.

2. His letter shows that Government sanction has been accorded to the entertainment of 1 Head Constable, 1 Sergeant and 48 Constables and that sanction is required for the entertainment in addition of 1 Head Constable, 10 Sergeants and 90 Constables.

3. He further requests that for all the police on duty in and around the plague camp an allowance as per margin may be granted. He requests also that an allowance of Rs. 50 may be granted to the City Inspector, the extra work thrown on him entailing the up-keep of at least two horses, and an allowance of Rs. 25 to a 3rd grade Inspector to be in immediate charge of the police on plague duty under the general control of the City Inspector.

	Rs.
Head Constable	... 6
Sergeant	... 3
Constable	... 2

4. He reports also that his present office cannot cope with the extra work thrown on it by plague correspondence, and requests sanction to the entertainment of two additional clerks on Rs. 50 and 25 each.

5. After careful perusal of his proposals, I am of opinion that it is possible to make a reduction of 2 Sergeants and 20 men, but that beyond that the force asked for is absolutely required for the efficient performance of the various duties required of the police as specified in the letter of the Inspector General of Police under reference. The allowances proposed by him seem all thoroughly reasonable and may, I think, be sanctioned, and I would also recommend to the favorable consideration of Government his request for an addition to his office establishment.

General (Plague), dated 10th October 1898.

6. I annex a proposition statement showing the cost of the new establishment required by the Inspector General of Police as amended by me, and request the favor of Government sanction being early accorded thereto.

5. Letter No. 849—128, dated 27th August 1898, from the Inspector-General of Police Mysore, to the Plague Commissioner in Mysore.

I have the honor to forward in original for your perusal a memorandum drawn up by the City Inspector according to my instructions containing proposals for increasing the police force of the city in connection with the plague preventive measures. I generally concur in the arrangements proposed and consider that the proposals for the increased establishment are reasonable and moderate.

2. It is not necessary to go over again into the detailed reasons given in the memo for each item of increase, but I would only give below an abstract of the proposals as modified by me:—

Abstract.

Total 62 Constables and 5 Sergeants.

Plague and contact camps	24 Constables under 2 Sergeants.	16 Constables under 1 Sergeant.	The whole forming one sub-station under a Head Constable with the usual sub-station allowance of Rs. 5.
Observation rooms ..	10 Constables		
Tirupati chattram ...	4 do		
Magadi road outposts ...	2 do		
Railway platform and escort duty.	22 Constables under 2 Sergeants.		

62 Constables, 5 Sergeants under 1 Head Constable.

Duty in the City.

Ward Police for the 4 wards ...	32 Constables under 4 Sergeants	58 men under 6 Sergeants under 1 Head Constable in immediate charge.
Burning and burial grounds ...	26 Constables under 2 Sergeants	

Orderlies.

18 Constables.

Total 2 Head Constables, 11 Sergeants and 138 Constables.

Note.—Add 2 City Constables given to the Inspecting Officer at Yesvantpur.

I propose to depute M. Ramachendra Rao, 3rd Grade Inspector, employed on Anthropometry duty, to be in special charge of the plague camps and to supervise these men under general control of the City Inspector.

3. Out of the total of 2 Head Constables, 11 Sergeants and 138 men required for plague duty, one Head Constable, one Sergeant, and 48 Constables have already been appointed as per Government Proceedings noted in the margin. The Deputy Commissioner has been requested to appoint the rest, *viz.*, one Head Constable, 10 Sergeants and 90 Constables in anticipation of the sanction of Government. The Head Constables, Sergeants and Constables should all be of the 1st class. I beg in addition, to recommend that, in consequence of the risky nature of the service, a local allowance as per margin may also be sanctioned to all the police employed in and around the plague camp.

(1) No. 922*t*-28—Mis. 1871, dated 17th February 1898.
(2) No. 1491-13—M. F. 21-96, dated 14th May 1898.
(3) No. 2369-71—M. F. 21-96, dated 19th August 1898.
(1) One Sergeant at Rs. 14, eight Constables at Rs. 9.
(2) One Head Constable at Rs. 25+5, 34 Constables at Rs. 9.
(3) Six 3rd Class Constables at Rs. 7.

Head Constable at Rs. 6.
Sergeant at Rs. 3.
Constables at Rs. 2.

4. I would further propose an allowance of Rs. 50 to the City Inspector as he will have to maintain two horses for constantly moving about and also a sum of Rs. 25 to Ramachendra Rao, Inspector in immediate charge of the plague police, as he also will have to move about a great deal.

5. I think it will also be found necessary to allow special horse allowance to the Chief Constables and some of the Head Constables at the rate of Rs. 20 and 15, respectively, when their work grows heavy and I request that a general permission may be given to me to grant such allowance whenever I may consider necessary within a maximum of Rs. 100 per mensem.

6. I beg to state in this connection that great difficulty is experienced in carrying on work owing to the application for the increased establishment for my office being still under the consideration of Government and that at least one good clerk with an assistant is absolutely required for attending to the accounts and correspondence in connection with the plague operations. I beg accordingly to propose two hands on Rs. 50 and Rs. 25 per mensem for this duty.

7. In conclusion, I beg to annex a proposition statement showing the cost of the proposed new establishment for ready reference and request that early sanction of Government may be obtained.

No. 5020-22—Pg. F. 21-96, dated Bangalore, 10th October 1898.

Order thereon.—The additional Police establishment and allowances proposed in the above are sanctioned.

2. The Police force temporarily sanctioned up to date for the Bangalore city on account of plague duty will stand as follows :—

No.	Designation.	Monthly cost.	
		Rs.	
2	Head Constables at Rs. 25+5 each	60

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

No. 5059—Pg. F. 21-96, DATED BANGALORE, 11TH OCTOBER 1898.

ORDER.—A copy of the following Memorandum by the Dewan, *in re* the drainage and general sanitation of the northern extension of the Bangalore city, is forwarded to the Plague Commissioner in Mysore for information and for favor of immediate needful action.

MEMORANDUM.

"The drainage and general sanitation of the northern extension of the Bangalore city are in a most defective condition and require urgent attention. I include under the designation of the northern extension, both the new bungalows between the Race Course and the Golf Ground including my own, and the groups of small houses to the west of the Dharmambudhi feeder and on either side of the Tumkur road.

2. The danger of pollution of the soil by the soakage of offensive liquid is very great in the case of land newly built upon. The duty of the Municipality to safeguard against this danger is important at all times, but any neglect of it at the present time will soon lead to very disastrous consequences.

3. The Sanitary Engineer should overhaul the drainage arrangements of the locality in question, and cause the works required in the interests of sanitation to be carried out by the responsible owners or Municipality as the case may be.

4. In the Special Regulations issued in connection with the plague, plenary powers are vested in the President for summarily abating among others, the following nuisances:—

1st The overcrowding of houses.

2nd. The flow of sewerage and other offensive liquid matter into the public street. (Section 104 of Municipal Regulations.)

3rd. The non-removal of nightsoil or other filth. (Section 108, Municipal Regulations.)

4th. The filthy condition of houses and lands attached thereto. (Section 133, Municipal Regulations.)

5. The immediate abatement of the above and similar other nuisances is most essential in the interests of public health, and I trust the Municipal President (with the help and advice of the Sanitary Engineer) will be able to devote his very early attention to this important part of his duty.

6. I understand there have been some cases of plague in the corner between the Dharmambudhi feeder and the Tumkur road. This is an overcrowded locality in a very filthy condition, where old chattrams and petty new huts are used as living quarters by dependents and relatives of Sowars. Its situation under the level of the Dharmambudhi feeder makes it unduly damp and specially liable to infection.

7. The stagnant pool of water receiving the drainage of the houses on both sides of the crescent road, or rather so much of the drainage as does not soak into the soil, and in the street drains is another standing menace to the health of the locality.

8. Sufficient latrine accommodation and daily removal and proper disposal of nightsoil should be insisted upon in every case. In the case of the larger houses employing a large number of servants, the owners should provide separate latrines for servants. This good old rule should be strictly enforced in the case of *all* bungalows wherever situated."

I have the honor to state that the Deputy Commissioner, Bangalore district, represents that the present allowance given to the Police on plague duty at the different stations for contingencies, such as oil, paper, &c., is quite inadequate, that the Amildars also complain that similar charges in the taluks are becoming heavy and applies for a permanent advance of Rs. 85 per month, exclusive of the permanent advance of Rs. 20 sanctioned in Government Proceedings No. 9955-6—M. F. 21-96, dated the 17th February 1898. On a consideration of the demand which appears to be unnecessarily heavy, I would recommend an additional plague advance of Rs. 26 only as per statement marginally noted. No. 3082-94—Fl. 313, DATED BANGALORE, 26TH OCTOBER 1898.

ORDER.—I. In modification of the orders read above, the following instructions are issued for the guidance of the Plague Commissioner, the Comptroller and all officers employed on duty connected with Plague administration:—

1. The Government will, on the application of the Plague Commissioner, place funds at his disposal from time to time for expenditure in connection with Plague administration.

2. The Plague Commissioner will order the distribution of the amounts sanctioned, among the Deputy Commissioners and other officers, according to probable requirements.

3. The Deputy Commissioners and other officers will apply for funds monthly, except in emergent cases. The application shall be in the accompanying form—

Opening Balance	
Amount allotted during the month	
Total ..	
Amount spent ..	
Balance ..	
Amount required for expenditure next month ...	

4. A certificate must invariably be attached to such application to the effect that the monthly account for last month has been sent to the Comptroller on the.....

5. The Deputy Commissioners and other officers will draw the sums required by them, out of the funds placed at their disposal, on cheques.

6. They will grant imprests to their subordinate officers, such as Ward officers, Superintendents of Camps, Amildars, &c., to be recouped by cheques obtained, as often as may be required, after rendering accounts with the necessary vouchers.

7. Each disbursing officer shall maintain a cash book in the Public Works Department Form No. 5 in which he will enter all transactions as they occur, and close the book as often as he requires his imprest to be recouped.

8. The store-keepers under the disbursing officers, such as the Ward officers and the Superintendents of Segregation Camps, will maintain a stock account.

9. A cash book shall be kept in the office of every officer authorized to issue cheques in which will be shown the sums drawn by him on cheques and the expenditure incurred by him, both direct and through his subordinates. From this cash book a monthly account should be prepared showing on the receipt side the opening balance and amounts of cheques drawn, and on the expenditure side the details of expenditure given in the imprest accounts received from his subordinates, and also of any expenditure directly incurred by him.

10. Before any expenditure is incurred on account of the erection of sheds, bedding, clothing, furniture, ambulance carts, sanitary work, compensation for destruction of infected houses and articles, and disinfection of houses and other special charges, estimates must be prepared and sanction obtained, except in cases of exceptional urgency involving an expenditure not exceeding Rs. 25 which may be incurred in anticipation of sanction. Powers of sanction are noted below :—

Estimates not exceeding Rs. 1,000.—Deputy Commissioner or Senior Surgeon or other Head of Department concerned.

Estimate exceeding Rs. 1,000, but not exceeding Rs. 5,000.—Plague Commissioner.

Estimates exceeding Rs. 5,000.—Government.

Dieting charges not exceeding Rs. 100 a month, for each Camp or Hospital.—Deputy Commissioner.

Dieting charges not exceeding Rs. 500 a month.—Plague Commissioner.

Dieting charges exceeding Rs. 500.—Government.

11. A Register of all sanctions accorded by Deputy Commissioners or Heads of Departments, by the Plague Commissioner and by Government, shall be kept in the Deputy Commissioner's office or in the offices of the Heads of Departments concerned.

12. Officers belonging to Permanent Establishments who are deputed on Plague duty and whose pay is debited either to the Departments to which they belong or to Plague Administration, will continue to draw their pay as usual, in the prescribed form.

13. Other Permanent and all Temporary Establishments specially employed for Plague duty for a definite period and on fixed pay require the sanction of the Plague Commissioner, within such powers of sanction as he may be specially invested with, and of Government in other cases. Their pay should be billed for separately under the signature of the Deputy Commissioner or of the Head of Department concerned, and such bills cashed separately at the Treasury.

14. The pay and allowances of establishments will be debited as follows:—

[(*a*) *Lent Officers.*

(1) *If doing Plague duty in addition to their own ordinary duties,* debit pay to Departments concerned and Plague allowance, if any, to "Plague Department.

(2) *If employed on Plague duty alone* debit both pay and Plague allowance, if any, to "Plague Department."

(*b*) ***Establishment specially entertained for Plague work.***

Debit whole cost to "Plague Department."

15. Provision for Overseers, Maistries, &c., employed for supervision of works not carried out by the agency of the Public Works Department, should be made in the estimates themselves at a rate not exceeding 5 per cent, the men being entertained under the Plague Commissioner's sanction, and their pay charged to the works on which they are employed.

General (Plague), dated 26th October 1898.

16. *Stores.*—The Senior Surgeon will maintain a separate Store distinct from the Medical Stores, in which shall be kept a stock of all medicines, both Europe and Country, and other medical appliances required for Plague purposes, and from which issues will be made to the different Hospitals, Camps, Disinfecting stations, Ward offices, &c., on indents passed by the Deputy Commissioner or the Plague Commissioner.

17. A stock account will be maintained in which will be shown the opening balance, the account of stores purchased, amount issued, and closing balance.

18. The Senior Surgeon can purchase stores every month to the extent of Rs. 1,000, and if more is required in any one month, the Plague Commissioner's sanction, which may extend to Rs. 5,000 a month, should be obtained. The sanction of Government should be obtained for monthly expenditure exceeding Rs. 5,000.

19. Funds for these purchases will be supplied on bills pre-audited by the Comptroller's office.

20. *Audit and Accounts.*—All sanctions of estimates should be communicated to the Comptroller's office with the least practicable delay. All expenditure will be audited on the basis of these sanctions. A separate monthly classified abstract of Plague charges will be prepared in the Comptroller's office and an abstract from it submitted to Government monthly before the end of the month following that to which the accounts relate. Charges on account of fixed and temporary establishments will be audited in the same way as charges for other establishments are, but entered in a separate audit register.

IV. The foregoing orders shall come into effect from 1st November 1898

V. The Comptroller will submit to the Government, as quickly as possible after the 31st October 1898, a statement showing all Plague expenditure incurred up to that date, and of any advances sanctioned for Plague expenditure which may remain unadjusted on that date, and the names of the officers responsible for their adjustment. The adjustment should be effected as quickly as possible by the officers concerned. The Government particularly desire that no Plague advance should be allowed to remain unadjusted by the 30th November 1898 at the latest.

F. 21-96, dated the 30th August 1898, is admissible to him as well as to other Medical Officers on plague duty, and stating that the town of French Rocks at which the said Hospital Assistant is stationed is at some distance from the railway station of that name and that a conveyance has, therefore, to be maintained for travelling to and fro.

No. Pg. 290-2, DATED BANGALORE, 29TH OCTOBER 1898.

ORDER THEREON.—The Order of Government quoted above applies only to such Medical Officers as are specially deputed for and employed on plague duty at certain stations which may be regarded as their head-quarters for the time being. It does not apply to Medical Officers who are called upon as occasion arises to do plague work at and near their own stations as part of their ordinary duties. The French Rocks Hospital Assistant's claim to an allowance under the said order is therefore inadmissible and so is that of the several other Medical Officers referred to in the Deputy Commissioner's letter. As, however, the French Rocks Hospital Assistant is reported to have a large amount of travelling to do between his head-quarters and the French Rocks Railway Station for which owing to the shortness of the distance no travelling allowance is admissible under the Rules, Government are pleased to direct that, as a special case, a conveyance or horse allowance of Rs. 20 a month be granted to him under Article 569 of the Mysore Service Regulations, so long as he maintains a conveyance or horse and is required to pay frequent visits to the French Rocks Railway Station for plague work.

(1) Letter No. 1469—221, dated 9th October 1898, from the Inspector General of Police in Mysore, to the Plague Commissioner in Mysore.

In forwarding letter No. 254, dated 6th October 1898, from the Deputy Commissioner, Bangalore, with its enclosure, in original, for your favorable consideration, I have the honor to state that owing to the influx of people from Bangalore City, the ordinary police work in the taluks of this district, and especially the Kasaba taluk is heavier than usual and some extra hands are urgently required to cope with the additional work in consequence of plague cases. The proposals of the Deputy Commissioner seem to be reasonable. Though there is no grade of Sub-Inspectors now, I think it desirable to have such a class in order to induce men of good family and education to volunteer for the work and the pay may be fixed at Rs. 30 per mensem, instead of that of the 1st grade Jamadar, the horse allowance being unchanged. Subject to this modification, I commend the proposals for your approval and submission to Government for early sanction. It will also be very convenient if you can see your way to permit the entertainment of the hands in anticipation of sanction.

Enclosure to the above.

Letter No. 254, dated 6th October 1898, from the Bangalore Deputy Commissioner, to the Inspector General of Police.

I have the honor to state that plague having made its appearance in different centres in the Bangalore taluk, and in other taluks of the district as well, it has become necessary to provide a separate medical disinfection agency for each taluk. The Amildar and the Taluk Police have at present so much to do in the investigation and detection of crime, that they can hardly devote any time to the constant demands made on them in this respect. In the taluk of Bangalore, plague has appeared in three different centres and at each of these places, the police had to be employed to carry out the disinfecting measures. Thus, for the past 6 or 7 days, neither the Inspector nor the Jamadar, has been allowed to devote any attention to their legitimate work. All the Amildars unanimously ask for a separate police agency to work, co-operate, with the Disinfecting Medical Officer to be detailed for each taluk. Their duty will be to go to the spot as soon as a suspected case of plague is reported and to take steps to enforce segregation and to aid the Disinfecting Officer, carrying out his work without opposition. I enclose a proposition statement for your very early approval and for obtaining needful sanction. I have provided one Sub-Inspector, one Dafadar, and eight Constables, for each of the taluks, outside Bangalore taluk; and for the Bangalore taluk, I have provided a Special Inspector, one Jamadar and twelve men.

(2) Letter No. 265, dated 11th October 1898, from the Deputy Commissioner, Bangalore district, to the Inspector General of Police in Mysore.

In continuation of my letter No. 254, dated 7th instant, I have the honor to forward herewith for your approval, and for obtaining early sanction to the modified proposals now submitted in accordance with the enclosed letter from the Plague Commissioner.

It is not necessary at present to divide each of the outlaying taluks into two observation circles have provided for the Bangalore taluk two Inspectors and two Sub-Inspectors with 24 men to work under them. The Bangalore taluk will be divided into two observation circles, and each circle will be placed in charge of a separate Inspector. Two Sub-Inspectors are specially provided to work under the Inspectors. This staff is necessary to attend promptly to calls from different parts of the taluk. The important taluk of Channapatna has an additional Plague Inspector and a staff of 16 men provided for it. The strength of the police provided in the statement submitted with this office letter No. 264, dated 6th instant, is now increased, as regards other taluks from 8 to 12.

I am engaged in appointing to those posts, men specially selected from the existing staff, in anticipation of sanction, as permitted by the Plague Commissioner, and I request you will kindly place at my disposal as many qualified or trained hands as you can spare for employment as Sub-Inspectors or Dafadars.

Enclosure to the above.

(2) Letter No. 2557, dated 9th October 1898, from the Plague Commissioner in Mysore, to the Deputy Commissioner, Bangalore District.

With reference to Regulations 6 and 7 of the Mofussil Additional Regulations, dated 25th July 1898, has the honour to request that the Bangalore district may be divided into observation circles. Each taluk may, the undersigned considers, be conveniently divided into two circles. The Deputy Commissioner may entertain the necessary staff and report the same for the information of the Plague Commissioner.

General (Plague), dated 29th October 1898.

(3) Letter No. 2768, dated 15th October 1898, from the Plague Commissioner in Mysore, to the Inspector General of Police in Mysore.

His letter No. 1469—221, dated 9th October 1898, proposing additional Police establishment for the taluks of the Bangalore district, to carry on disinfection and other measures on the occurrence of plague.

2. His endorsement No. 1522—229, dated 14th October 1898, forwarding, in original, Bangalore Deputy Commissioner's revised proposals for additional Police for the same purpose.

With reference to the above, has the honor to observe that the Additional Mofussil Regulations Notification 1289—Mis. F. 28-96, dated 25th July 1898, contemplate the employment of a separate Plague Staff for the actual carrying out of plague measures, (such as disinfection, isolation, segregation, &c.,) and that it is not necessary or advisable to employ the police for this purpose. The attention of the Deputy Commissioner may be specially drawn to Regulations 6, 7, 8, 9, 10, 26 and 27, and he may be requested to make definite proposals regarding the appointment of Supervisors and Plague Inspectors and Assistant Plague Inspectors, with a staff for disinfection purposes for each Inspector and Assistant Inspector and defining their local jurisdiction and duties. The duties of the police may be confined in aiding the Plague Officer and seeing that there are no breaches of the peace, and any proposals for additional police force should be based on these lines only.

(4) Letter No. 407, dated 26th October 1898, from the Deputy Commissioner, Bangalore district, to the Plague Commissioner, Mysore.

Referring to your letter No. 2768, dated 15th October 1898, received with Inspector General's Circular No. 1638—93, dated 22nd instant, I have the honor to state that it is not intended to employ Police agency for the actual carrying out of plague measures.

(ii) I understand that the Regulations 6, 7, 8, 9, 10, 26 and 27, give me ample discretion to regulate the strength of the Plague Staff according to actual requirements.

(iii) I do not wish at this stage to ask for a costly Plague Staff in addition to a Police staff and a separate Disinfecting staff. Each of the outlying taluks may be constituted a plague observation circle and a Plague Inspector or Sub-Inspector be posted to each taluk to assist the Amildar, who is the Plague Officer in the taluk, in carrying out plague measures. These Inspectors and Sub-Inspectors will not be entrusted with any executive police functions, but for enabling them to exercise efficient control over the Police staff to be detailed under them, they may be treated as *ex-officio* Police Officers.

(iv) If this arrangement be approved of, no separate Police Officer for each taluk to supervise the working of the Special Police, is necessary. If not, a special 1st Class Jamadar on pay Rs. 25+8, will have to be provided for each taluk for that purpose.

(v) The extra police asked for in the proposition statement submitted with this office No. 265, dated 12th October 1898, to the Inspector General of Police, may be kindly sanctioned for aiding the Plague Officer and Plague Inspectors in carrying out plague measures.

(vi) I enclose for your information, copy of the Civil Surgeon's letter No. 641, dated 14th October 1898, containing suggestions for appointing the Disinfecting staff for each taluk. I have issued instructions to the Amildars to appoint the Disinfecting staff as suggested by the Civil Surgeon. Whenever more hands are needed for getting the disinfection work done the Amildar is authorized to employ coolies on daily wages.

(vii) As regards the Bangalore taluk, a more efficient staff is provided for plague and disinfection work. The whole taluk is divided into two circles. The Eastern Circle is proposed to be placed under one Plague Inspector, and the Western Circle under another Inspector. To each of these, an Assistant or Sub-Inspector is proposed to be given. Hospital Assistant Andiappa has been specially attached to this taluk and to aid him in carrying out disinfection and other measures, the following Disinfecting and Hospital staff is about to be organised by the Amildar:—

		Pay Rs.
1	Midwife	.. 20+10
1	Disinfecting Inspector	25+10
1	Assistant do	20+10
1	Compounder	10
1	Male Warder	8
1	Female Warder	8
1	Cook	8
6	Coolies at Rs. 8 each	48

Note.—The number of coolies may be increased according to requirements.

(viii) I have already appointed Plague Inspector and Sub-Inspectors for Bangalore, Nelamangala and Dodballapur taluks. As trained and disciplined men become available, I shall be able to appoint officers to other taluks also in a few days.

(ix) I request that, with the change of designation of Inspectors and Sub-Inspectors into "Plague Inspectors" and "Assistant Plague Inspectors," the proposals submitted with my letter No. 265, dated 12th October 1898, may be kindly sanctioned.

Enclosure to the above.

Letter No. 641, dated 14th October 1898, from the Office of the Civil Surgeon, Bangalore district, to the Deputy Commissioner, Bangalore district:—

With reference to your No. 194, dated 4th instant, and this office No. 594, dated 6th instant, addressed to the Senior Surgeon thereon, I have the honor to propose the following schemes for all the taluks in the district:—

1. The Amildar to be the Chief Ward Officer of the taluk.
2. The Hospital Assistant of the taluk to be the Subordinate Medical and Plague Officer.
3. The Midwife of the taluk to be the Female Medical and Plague Assistant.
4. The Compounder of the Taluk Dispensary to be the Compounder of the Plague Establishment as well.
5. A Disinfecting staff consisting of 4 men and 2 women.
6. A toti for plague purposes.

No. 4839-40—Ed. 118, DATED BANGALORE, 6TH OCTOBER 1898.

ORDER THEREON.—Referring to the report of the Inspector General on Public Instruction in Mysore for 1896-97, reviewed by Government in their Proceedings No. 2539—Ed. 65, dated the 24th August 1898, Mr. Cook, the Principal of the Bangalore Central College, brings to notice the omission by Mr. Bhabha in his reports of 1895-96 and 1896-97 of certain important points relating to the said College. He points out that the College has been steadily advancing in efficiency for the past 15 years, that the results of the past five years have been above the average for the whole 15 years in each branch of the B. A. Examination, also in the F. A. Examination, that in 1896-97 the College had the honor of having the largest number of the First Class Matriculation passes of any affiliated College of the University and that it held the position of second of all the affiliated Colleges, by reason of its numbers sent up for the F. A. Examination. In support of these statements, Mr. Cook refers to his own reports and retrospect sent to the Inspector General which have not been submitted to Government.

2. The Inspector General of Education is requested to be so good as to forward in future with his annual report a copy of the Report of the Principal, Central College, to enable Government to notice, if deemed necessary, any important or salient points connected with the Central College which may not have been specially referred to or embodied in the General Report on Education.

Letter No. 1345—135, dated the 2nd October 1898, from the Inspector General of Police in Mysore, stating that the town of Channapatna, which was already in a turbulent and lawless state, has become still more so and that the plague scare has also created great popular excitement as instanced by the burning down of a plague shed at the place, and therefore recommending that the marginally noted additional Police force may be sanctioned temporarily for six months or a year, and as a punitive measure under Section 15 of Act V of 1861, and the Mysore Police Rules No. 33.

	Total Rs.		211

No. 5245-47—J. 547 DATED BANGALORE, 17TH OCTOBER 1898.

ORDER THEREON.—In view of the situation at Channapatna being at the present moment even more serious than it ordinarily is, the Government are pleased to sanction the entertainment of the additional Police force applied for temporarily for a period of six months.

2. To enable the Government to decide whether the above should be treated as a punitive measure, of which the cost is liable to be levied from the inhabitants of the locality, the Deputy Commissioner is requested to submit, after such enquiry as may be necessary, additional information (through the Inspector General of Police) on the exact state of public order and peace in the town and the extent to which the inhabitants are disposed to be troublesome or turbulent.

3. It will be pointed out to the Inspector General that, as Act V of 1861 is not in force beyond the limits of the Bangalore City, the entertainment of a punitive force must be effected under Section 33 of the Police Rules.

Letter No. 722—J., dated the 26th April 1898, from the Inspector General of Prisons in Mysore, submitting, for approval and publication, a draft Notification embodying revised Mark Rules, Ticket-of-Leave Rules and Rules for grading convicts and convict officers.

(2) Correspondence ending with letter No. 181—J., dated the 18th August 1898, from the same Officer, explaining the grounds for omitting in the draft Mark Rules submitted by him the existing distinction between prisoners of Classes I and II and other prisoners in respect of the equivalent of a life-sentence in terms of imprisonment for years.

No. 5248—J. 546, DATED BANGALORE, 17TH OCTOBER 1898.

ORDER THEREON.—From the statement of his reasons for proposing to assimilate the length of a life-sentence in terms of years of imprisonment in the case of all classes of prisoners alike, the Inspector General of Prisons apparently contemplates the supersession of the Rules of 30th July 1892, (published at p. 128 *et seq.* of the Mysore Jail Manual) on the issue of the Rules now before Government; but it is observed that the Rules of 1892 are intended for a special class of prisoners not coming within the purview of the general provisions of the Mark Rules promulgated with Notification No. 2302—J. F. 196-92, dated 14th August 1895, and that the more favorable position enjoyed by such prisoners is not an anomaly, but a concession specially granted to them in view of their not being re-committals and of their having conducted themselves well during the first ten years of their confinement in jail; moreover, their release under the Ticket-of-Leave is also subject to their acceptance and fulfilment of certain conditions, a breach of which renders them liable to be re-arrested and remanded to jail to undergo their original sentence. The Mark Rules of 1895 supersede only those of 4th September 1879, in so far as they relate to the computation of marks for earning remission, but do not affect the earning of gratuity by the prisoners as specified in paras 3 and 4 of the Rules of 1879. The Mark Rules were never intended to supersede the special Rules of 30th July 1892, whose application is restricted to certain class of prisoners as explained in the proceedings of the Inspector General of Prisons, No. 79, dated 5th July 1895. Government accordingly consider that the said Rules of 1892 should continue to be maintained, and that the fact should be clearly stated in the Rules now proposed to be issued.

2. At the same time it seems undesirable that the equivalent for a life-sentence should be 20 years for Mysore prisoners, and 25 or 20 years, according to circumstances, for prisoners of the Civil and Military Station. Government would therefore retain Rule 3 of the Mark Rules as it now stands.

3. The Inspector General is requested to submit a revised draft Notification, for approval in the light of the above remarks.

Letter No. 301, dated 13th September 1898, from the President of the District Fund Board, Mysore district, submitting a copy of letter No. 113, dated 2nd August 1898, from the Sub-Division Officer, French Rocks, furnishing the explanation called for in Government Proceedings No. 14021-5—L. F. 105-97, dated 28th April 1898, in regard to the District Fund Budget estimates of the French Rocks Circle for 1898-99.

No. 4810-11—L. F. 105-97, DATED BANGALORE, 6TH OCTOBER 1898.

CIVIL CHARGES.

ORDER THEREON.—*V. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—Under the circumstances now explained, provision should be made in the supplemental District Fund Budget for the current year, for the salaries of the watchmen of the marginally noted Inspection Lodges. Pending the receipt of such budget and sanction of Government thereto, the Comptroller is authorized to disburse the salaries of these watchmen with effect from 1st July 1898.

Government Proceedings Para 7.	Sub-Division Officer's letter Para 1.
1. Honnakere watchman at	Rs. 6 per mensem.
2. Basaral do	4 do

2. *IX. Contributions.*—The provision of Rs. 1,000 originally intended on account of (1) Repairs of travellers' bungalows and musafirkhanas and (2) Contribution towards the repair of dispensary buildings will, as proposed, be retained under this head for the latter purpose, and the submission of a supplemental budget providing funds, if any required, for the former, will be awaited. It is noted, however, that in the event of the repairs of 3rd class travellers' bungalows and musafirkhanas being undertaken by the Revenue Agency with the aid of the Work Inspectors recently sanctioned for the supervision of works executed by the Revenue Department, the cost of such repairs should be entered under the head "Public Works."

3. *III. Hospitals and Dispensaries.*—As per details furnished in the Municipal budget of the Mysore City, the quota of the cost of H. H. the Maharaja Hospital at Mysore debitable to the French Rocks Circle is Rs. 777,* or Rs. 1 more than the amount provided in the budget. The provision under this head will be raised accordingly.

4. In the Municipal Budgets of Seringapatam, Malvalli and Krishnarajapete Rs. 10, 16 and 12 are respectively entered on account of furniture for the dispensaries concerned, while no provision on account of ⅓rd cost debitable to the District Funds is made in the District Fund Budget of the French Rocks Circle. The omission requires explanation.

2. *Estimated Receipts.*—The estimated revenue expected from octroi, which was authorized to be levied in Closepet in Government Proceedings No. 1059-60—L. F. 129-97, dated 20th July 1898, is accepted.

3. *Expenditure, III Collection.*—The establishments proposed for the collection of octroi duty exceed the scale of charges fixed in para 3 of Government Proceedings No. 4032-43—Muni. 201, dated 30th October 1879, by 17 per cent. The President is requested to state why the duty of collecting octroi taxes may not be entrusted to the village servants on payment of 5 per cent commission and the estimate reduced. Pending explanation, the estimate will stand.

4. *Expenditure, VIII Public Works (a) Supervision.*—The provision newly made under this head is on account of establishments the municipality has to maintain in connection with the maintenance of the water-supply works recently made over to the Municipality (*vide* Government Proceedings No. 3905-6—L. F. 108-92, dated 20th September 1898).

Letter No 46, dated 19th July 1898, from the Deputy Commissioner, Hassan district, regarding the land encroached upon by one Ere Gowda in the bed of the Muddanakatte tank No. 16 of the Bargur village, Arkalgud taluk.

No. 2745—R. 1089, DATED BANGALORE, 4TH OCTOBER 1898.

ORDER THEREON.—On the 31st January 1887, one Puttannaiya of the Bargur village complained that Ere Gowda of the said village had encroached upon a portion of the bed of the Muddanakatte and had planted plantain and arecanut trees thereon, besides committing other irregularities. The Amildar, to whom the Deputy Commissioner sent the petition for report, stated that some 24 years ago Ere Gowda's father Basave Gowda had purchased Survey No. 15 (Maji No. 141) measuring 24 guntas and assessed at Rs. 2-0-0, from one Bomme Gowda and that 24 guntas were found to be the excess in his holding, which he had been enjoying from the time of the survey settlement.

The matter of the encroachment was, as per orders of the Deputy Commissioner, brought on the Takrar Tahkta, and on the 1st April 1889, the Jamabandi Officer (Mr. B. G. Krishnaiengar) ordered the recovery as fine from Ere Gowda of Rs. 13-8-0, being the assessment on the 24 guntas found in excess from Swabhanu (1883-84) to Sarvadari (1888-89). Under the orders of the Deputy Commissioner (Mr. Syed Nasirudeen), the encroached portion was subsequently measured by the Tank Inspector and found to be 18 guntas only. The matter of the levy of assessment on the encroached portion was again brought on the Takrar Tahkta of 1892-93 and the Jamabandi Officer ordered the recovery of Rs. 7-4-0, being the assessment on the encroached portion, *viz.*, 18 guntas at Rs 1-13-0 per year, from the year Virodhi (1889-90) to Nandana (1892-93). On the 7th March 1894, the Deputy Commissioner (Mr Purnaiya) ordered the resumption of the encroached portion, as it formed part of the Muddanakatte tank, and that Ere Gowda's deposition should be taken and submitted if he had any records to establish his title. Ere Gowda produced before the Amildar the Kaiwar Chitta Account, dated 17th November 1866, showing that Survey No. 15 measuring 1¼ kolagas and assessed at Rs 1-2-11, was purchased from Bomme Gowda and two others by Kadabasappa, the father of Ere Gowda, and stated that 39 guntas of land consisting of 21 guntas forming Survey No. 15 and 18 guntas, the port on said to have been encroached upon, had been in his enjoyment from his father's time, that the encroached portion contained 200 arecanut, 12 cocoanut and 60 plantain trees and that he would sustain a loss of Rs 250 by its resumption. Shanbhog Subraya and others of the village stated in their depositions, dated 16th July 1895, that the encroached portion and Survey No. 15 had been in the enjoyment of Ere Gowda for the last 15 or 16 years and that the price of the garden on the encroached portion was about Rs. 200. The Deputy Commissioner again ordered a re-measurement of the lands belonging to Ere Gowda, and the Mojanidar, who measured the land, reported that the encroached piece was Survey No. 16 of Bargur and measured 20 guntas and that Survey No. 15 measured only 18 guntas, and not 21 guntas as stated in the Survey records. The Deputy Commissioner reports that the Vasul Baki Accounts prepared in 1883-84 during the survey settlement show that the maji extent of Survey No. 15 (Maji No. 141) was 1 kolaga and 4 padis, that the phut pahani shows that the holder of Maji No. 141 had grown arecanut, betal, &c., and had fenced 28 guntas of land out of Survey No. 16 and that this shows that the holder of Survey No. 15 has ever since the survey been in possession of the land in question, which contains a great number of areca and cocoanut trees. The Deputy Commissioner recommends that the excess land in the holding of Ere Gowda may be confirmed to him on the adjoining garden rate of assessment as his eviction would entail heavy loss upon him, and states that the capacity of the tank has not been materially affected by the encroachment.

2. Government observe that the whole of the correspondence throws great discredit on the local action taken in this matter which was allowed to drag on for years, whereas it ought to have been methodically enquired into and final orders passed at once.

Revenue, dated 4th October 1898.

As it is too late to enquire into the circumstances of the survey settlement which occurred early in 1880-81, that settlement must be taken as final and all the additional land found must be deemed an encroachment. The only question which arises now is whether that encroachment should be allowed to continue or the encroached land resumed. There has been no proper enquiry into this point. If the land is either within the bed, or its cultivation prejudicial to the tank, it must be resumed. Otherwise, the Deputy Commissioner may take action to have it duly assessed and the assessment levied from the year of the settlement.

3. An Assistant Commissioner will be sent to the spot to hold the necessary investigation and to send up a full report without delay, and the Deputy Commissioner will then dispose of the matter in accordance with the above instructions.

Correspondence ending with letter No. 64, dated 20th July 1898, from the Deputy Commissioner Mysore district, regarding the tope claimed by one Bhaskaraiya of Bellur as his ancestral property in the Bommenahalli village, Nagamangala taluk.

No. 2748—R. F. 116-92, DATED BANGALORE, 4TH OCTOBER 1898.

ORDER THEREON.—Survey No. 2, extent 5 acres and 28 guntas in the Bommenahalli village, represents the tope in question. In 1883, Bhaskaraiya urged that it should be assessed and given to him. In 1884, the Sub-Division Officer, French Rocks, ordered that, subject to certain conditions specified, the tope might be granted to the petitioner. The petitioner refused to abide by the conditions prescribed. In 1889, the petitioner, however, agreed to the conditions and executed the necessary muchalika. Thereupon the Sub-Division Officer placed himself in communication with the Superintendent of Revenue Survey and passed orders directing that the land be treated as a private tope.

2. In February 1892, the Amildar issued an endorsement to the petitioner declining to register the tope in the petitioner's name alone, on the ground that it had been formerly registered in the names of three persons including the petitioner. In August 1895, the petitioner represented the matter to Government and the petition was sent to the Deputy Commissioner for report.

3. From the Deputy Commissioner's last report and the vernacular papers received therewith it is observed that part of Maji No. 77 (Inam) in the Bommenahalli village, which was in the enjoyment of three inamdars, *viz.*, Bhaskaraiya, Kotappa and Srikanthaiya, and which is now reported to be the tope in question, was resumed to Government in May 1880, and that Kotappa and Srikanthaiya are now dead, leaving Varadaiya, the former's son, who requests that the tope should be registered in his name also. The Sub-Division Officer, French Rocks, is now of opinion that the tope situated, as it is by the side of the Nagamangala-Bellur road, is useful to travellers in the hot weather and affords shelter to cattle and that therefore it is not advisable to assess and grant it to the petitioner. The Deputy Commissioner upholds the view taken by the Sub-Division Officer.

4. Government observe that the inam was resumed in 1880 and that the action taken by the local authorities in 1883 to 1889 cannot be upheld. It is now reported that the tope is required to be treated as a public tope as it affords shelter to travellers and cattle. The petitioner can have no right to it and his claim is accordingly rejected. The number of trees in the tope should be counted and entered in the pahani. The Amildar and the Jamabandi Officer should inspect it and see that it is properly conserved and maintained, for which the patel of the village should be held responsible.

Government Order No. 6740—R. 2291, dated 29th January 1897, sanctioning the grant, subject to re-survey and payment of upset price, of Survey No. 152 of the Kolagavi village, Chikmagalur taluk, to Mr. Raikes, and authorizing the Deputy Commissioner to put the land in Mr. Raikes' possession on certain conditions.

2. Letter No. 50, dated 3rd August 1898, from the Deputy Commissioner, Kadur district, soliciting orders as to whether Mr. Raikes is entitled to the "Alve" concession under the Coffee Rules, notwithstanding the fact that he was put in possession of the land before re-survey.

No. 2784—R. 1103, DATED BANGALORE, 5TH OCTOBER 1898.

ORDER THEREON.—In the Government Proceedings read above, Mr. Raikes was ordered to be put in possession of the land in question, measuring 424 acres and 4 guntas subject to the payment by him of such assessment and upset price as might be fixed after the completion of re-survey and revised demarcation of the land. The Deputy Commissioner reports that Mr. Raikes was put in possession of the land in February 1897, and that the re-survey was completed in April 1897 with the result that excluding 57 acres and 39 guntas on account of the stream existing on the land, a net area of 366 acres and 5 guntas found fit for coffee was taken over by Mr. Raikes. Mr. Raikes contends that although he was allowed to begin cultivation before the completion of the demarcation and re survey, yet he is entitled to the "Alve" concession under Rule 11 of Appendix E to the Land Revenue Rules. The Deputy Commissioner recommends the grant of the concession prayed for, as the land has been granted for an upset price under the proviso to Rule 6 of Appendix E to the Coffee Rules, and Rule 11 provides for grant of the "Alve" concession in respect of land sold under the Coffee Rules.

2. The disposal of the land having already been settled, it is only the tenure that is now in question. The rule above quoted, as construed by the Deputy Commissioner, applies to the present case and the Deputy Commissioner's recommendation is accordingly sanctioned. Mr. Raikes will be allowed to hold the land free of assessment for the first three years, with effect from 1896-97, and on half assessment for the next two years, the full assessment being payable from and after the 6th year, under para 11 of the Coffee Rules in Appendix E to the Land Revenue Rules.

Petition No. 3164, dated 22nd April 1897, of Rameganda of Santhehalli in the Malur taluk, complaining that a heavy water-rate has been charged on his dry lands converted into wet and that dry assessment in addition to wet has been recovered.

2. Letter No. 2009—583, dated 16th December 1897, from the Deputy Commissioner Kolar district, reporting that the water-rates on the petitioner's lands were fixed by the Deputy Commissioner, that as the rates were possibly slightly excessive, a reference might be made to the Survey Superintendent and that the petitioner's statement that dry assessment was levied in addition to the wet assessment was not borne out by the records of the case.

3. Letter No. 537, dated 11th February 1898, from the Superintendent of Revenue Survey in Mysore.

In reply to your letter No. 7085—P. 943, dated 28th January 1898, forwarding, for any remarks I may be disposed to make, letter No. 2009—583 of the 16th December 1897, with accompanying petitions and enclosures, which I herewith return, I beg to report as follows—

Revenue, dated 12th October 1898.

2. Ramegauda complains of heavy water-rate on his lands as fixed by the Deputy Commissioner. I worked out the water-rate which I would myself have imposed and my rates compare with those fixed by the Deputy Commissioner as shewn below :—

Survey No.	Deputy Commissioner.	Survey Superintendent.
41	3·8	2 9 0
42	3·13	2 8 0
43	3·13	2 4 0
44	3·13	3 0 0
60	3·7	2 0 0
61	3·7	2 8 0
65	3·13	2 0 0

The reason of the difference is at once obvious. The Deputy Commissioner has taken the highest wet for his guidance, while I have taken the neighbouring rate, which, I certainly think, is the fairer method as it allows for position which the Deputy Commissioner's method does not.

3. I have done my best to ensure all cases of application for water-rate being sent to me and for the most part successfully, but the few exceptions, like the case now under reference, cause much trouble and there is the risk of their being altogether overlooked when I incorporate all cases in the akarbands once in 5 years. Rule XIX of the Land Revenue Rules, however, gives the Deputy Commissioner power to fix the rate without any reference to me, and I am powerless to insist upon all rates being fixed by me, whether under Rule XVII or XIX. *I have long ago suggested to Government that while the survey exists in the Province as a separate Department, all rates should be fixed by it under Sections 50 and 53 of the Land Revenue Code. This remark, of course, does not apply to the rates for unsurveyed taluks laid down in Land Revenue Rule XIX.

*See this office No. 593, dated 28th November 1890.

4. In the case now particularly under reference, I think that if my rates are adopted the petitioner will be satisfied.

4. Letter No. 593, dated 28th November 1890, from the Superintendent of Revenue Survey in Mysore.

I have the honor to suggest that, pending decision on the points connected with the working of the new Land Revenue Rules, referred by me in my letter No. 336 of the 26th August 1890, orders should be issued on one or two points which do not admit of delay. I allude to Rules XIX (2) and XX (16); under the first of the above quoted Rules, the Deputy Commissioner should fix the water-rate for patta lands, reference only being made to the Survey Superintendent in cases of doubt; under the second Rule XX, the Deputy Commissioner is required to fix the assessment of land surveyed, but not assessed under Section 50, and the rule framed thereunder.

2. As a matter of fact, notwithstanding the publication of the new Rules, I daily receive and dispose of applications under both the above heads. In the case of water-rates fixed by me, I incorporate once in 5 years, the "Nirsarti" with the dry rate, and correct the akarbands accordingly. In the case of unassessed lands I fix the assessment in every case, or at any rate have always done so, unless under the authority of the new Land Revenue Rules. Deputy Commissioners may have, in some cases, done so themselves, but, if they have, no intimation has ever been given to me and of course the akarbands remain uncorrected. I may perhaps presume, and I certainly hope that the Deputy Commissioners have not as yet acted under Land Revenue Rules XIX and XX as no report has been made to me.

3. As matters now stand, the Deputy Commissioner should, but as a matter of fact the Survey Department really fixes water-rate and assessment of "kharab" lands granted for cultivation.

4. I would earnestly ask the Government to issue instructions without delay, amending Land Revenue Rules XIX (2) and XX (16), and directing that all water-rates on patta lands and rates on lands surveyed, but not assessed, in surveyed and assessed tracts, should be fixed by the Survey Department as hitherto so long as that Department exists. In this way alone can we feel absolute certainty that the akarbands will be kept up to date and correspond with the cultivation. If I may be permitted to say so I am at a loss to understand what can possibly be gained by not making use of the Survey Department, so long as it is available; indeed I may go so far as to say that the new Land Revenue Rules on this point seem to me to have been framed on the supposition that the Survey Department was to be no longer available, having ceased to exist.

5. In my letter No. 336 of 26th August last, I went thoroughly into the grounds of my objection to Land Revenue Rule XXVII and other rules, which dealt with the subdivision of numbers and I can only await the decision of Government but, upon the points which I now urge, I would earnestly ask for an immediate ruling as every day brings with it the probability of want of correspondence between the assessment recorded in the village accounts and the akarbands. A circular such as I suggest will at once remove much misconception and anomaly.

6. On the general question of subdivision of survey fields referred by me, in my letter No. 336 as above, I have reason to believe that action is being taken by the Revenue authorities under XXVII and others of the new Land Revenue Rules, and the question urgently calls for disposal.

No. 2932-40—R. 1155, DATED BANGALORE, 12TH OCTOBER 1898.

ORDER THEREON.—Government approve of the water-rates as revised by the Survey Superintendent in this case, and direct that these rates be adopted in lieu of those fixed by the Deputy Commissioner on the seven Survey Nos. in question.

2. Government resolve to adopt the amendments proposed to Land Revenue Rules XIX (2) and XX (16) by Survey Superintendent in para 4 of his letter No. 593, dated 28th November 1890, read above. The following Notification will, accordingly, be published in the *Mysore Gazette*.

3. The Deputy Commissioners are requested to intimate to the Survey Superintendent what they have done in cases in which they have fixed rates without reference to that Officer under the rules now modified.

NOTIFICATION.

No. 2941—R. 1155, dated Bangalore, 12th October 1898.

In exercise of the powers conferred by clause *a*) and by clause *(h)* of Section 233 of the Mysore Land Revenue Code, the Government of Mysore are pleased to direct that the following alterations be made in Rule XIX (2) and XX (16) of the Land Revenue Rules:—

In Rule XIX, para 2, lines 4 and 5, for the words "in cases of doubt," substitute the words "in each case".

In Rule XX, para 16, at the end after the words "thereunder" insert "after reference to the Survey Superintendent."

The rules as above modified will read as follows:—

XIX. "2. The above rates apply to unsurveyed taluks only, and are liable "to revision on the introduction of survey and settlement. In the surveyed "taluks the Deputy Commissioner shall fix the water-rate with reference to the "survey assessment of similar irrigated patta lands, minus the ordinary dry "rate, after reference in each case to the Survey Superintendent.

XX. "16. In all surveyed and assessed tracts, the assessment of the "land given for cultivation should be that fixed by the Survey Department. If "the land has been surveyed, but not assessed, or if the land has not been surveyed the Deputy Commissioners are required to fix the assessment under Sec"tion 50, and the rule framed thereunder, after reference to the Survey Super"intendent."

READ AGAIN—

Government Proceedings No. 8325-33—R. F. 62-97, dated 9th March 1898.

No. 3073-81—R. F. 62-97, DATED BANGALORE, 20TH OCTOBER 1898.

ORDER.—The forms of Annual Returns, Revenue Serial Nos. 24 (Mohatarfa) 28 (Ahawal) with its subsidiary statement, and 29 (Area), revised in accordance with the observations made in Government Proceedings read above, are annexed hereto for adoption from the current year 1898-99. As the details in respect of villages are not now accurately furnished, and as the informations given in the Ahawal and Civil Division returns, respectively, do not agree, the number of hamlets which have been absorbed into their parent villages and for which no separate village accounts are prepared, need no longer be included in the said return. The columns hitherto provided therefor have been accordingly eliminated from the form of the return now revised.

2. As the loom-tax has been abolished under Government Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897, the word "Looms" occurring in the 2nd line of para 20 of the Government Order No. 8325-33—R. F. 62-97, dated 9th March 1898, should be omitted.

3. The Superintendent, Government Press, will be requested to print a sufficient number of the annexed forms and supply them to the Deputy Commissioners of Districts, at once, twenty copies of each of them being also furnished to the Dewan's office.

No. 2749-56—R. 1092, DATED BANGALORE, 4TH OCTOBER 1898.

ORDER THEREON.—From the reports read above, it is observed that in some of the municipal towns in the districts, the fort ditches are cultivated with garden or other crops, the assessment leviable thereon having been fixed by the Survey Department or by Deputy Commissioners. In the districts of Bangalore, Tumkur, Mysore and Kadur, the revenue realized from the lands in question is credited to "Land Revenue," while in the districts of Kolar, Chitaldrug and Hassan, it is credited in some municipal towns to "Land revenue" and in others, *i. e.*, Chitaldrug, Arkalgud, Konanur and Sidlaghatta, to Municipal Funds. In the Shimoga district no cultivation is carried on in the fort ditches of any of the municipal towns.

2. Government observe that Non-Regulation Municipalities can enjoy only revenue specially assigned to them, that Land Revenue has not been so assigned to them, and that therefore it (Land revenue) does not belong to them. Government accordingly direct that the Land revenue be resumed wherever unauthorizedly enjoyed, as in the cases of Arkalgud and Konanur of the Hassan district, and Sidlaghatta of the Kolar district and the Municipality of Chitaldrug.

MUZRAI

Proceedings of the Government of Mysore,

No. 460-8, DATED BANGALORE, 10th OCTOBER 1898.

ORDER.—Ordered that the following Rules relating to Dharmadarsees of Muzrai Institutions in Mysore be communicated to the Deputy Commissioners of Districts for information and communication to the Taluk Muzrai officers in their respective districts.

2. The rules will also be published in three successive issues of the *Mysore Gazette* (Part I) for the information of the general public.

Rules relating to Dharmadarsees of Muzrai Institutions.

For the office of Dharmadharsees of specified Muzrai Institutions the Deputy Commissioner will recommend specially qualified persons after careful local enquiry. The appointment will be made by the Government by Notification in the official *Gazette*.

2. The Dharmadarsees will advise and co-operate with the local Muzrai officers in matters relating to the internal management of the institutions for which they are appointed.

3. The Dharmadarsees of each institution or group of institutions shall meet at least once a month, and oftener as necessities arise, to discuss the affairs of the institutions under their supervision. In all such meetings, two-thirds of the total number of Dharmadarsees will form the quoram; and the meeting will be presided over by one of the Dharmadarsees elected for the occasion by those present.

4. The proceedings of the meetings of the Dharmadarsees shall be recorded in a book to be kept for the purpose; and copies of the proceedings shall at once be forwarded to the Amildar under the signature of the Dharmadarsee presiding at the meeting.

5. The monthly accounts of receipts and expenditure in the institution shall, before submission to the Amildar by the Parpattegar, be scrutinized and checked at the meeting of the Dharmadarsees; and the result of the scrutiny shall be recorded in the proceedings book and an extract thereof shall be appended to the accounts submitted to the Amildar. For purposes of the examination of the monthly accounts, the Dharmadarsees shall be given free access to all registers and records maintained in the institution.

6. In all matters of routine relating to the internal management of the institution, the resolutions adopted at the meetings of the Dharmadarsees shall be given effect to, if approved by the Amildar. But where the Amildar disagrees, he shall forward copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsees. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsees, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsees in rotation or otherwise as may be resolved upon in a regular meeting.

8. The Dharmadarsees, either individually or as a body, may be delegated the following special duties at the discretion of the Taluk Amildar:—

(i) The periodical inspection of the jewels and other valuable properties belonging to the institutions in the presence of the servant or other person entrusted with the custody thereof. The result of the inspection should be reported to the Amildar.

(ii) The opening of the *Golaka* box in the presence of the chief servants of the temple and remitting the realizations to the Taluk Treasury.

(iii) The conduct or supervision of any Santarpane, Utsavam or other celebration on any special occasion.

(iv) The supervision of petty repairs.

Muzrai, dated 16th October 1898.

9. The Dharmadarsees shall not dispose of any properties belonging to the institution in any manner whatsoever except on the previous written order of the Amildar or higher Muzrai officer competent to deal with the same.

10. The Dharmadarsees shall not be competent to punish any servant of the institution but are expected to report to the Amidar any irregularity or misconduct on the part of any servants of the institution; and the Amildar shall thereupon proceed to take such action in the matter as may be called for.

11. Every Dharmadarsee shall hold his office generally for a period of five years from the date of his appointment unless removed within the period for reasons hereinafter mentioned.

12. Any Dharmadarsee failing to attend more than three consecutive meetings of the Dharmadarsees or absent from the station for more than three months together will be regarded as having vacated his office; and his name shall thereupon be reported to Government for removal from the list of Dharmadarsees.

13. The Deputy Commissioner may for any sufficient reason recommend to the Government the removal of any Dharmadarsee from his office.

14. Whenever a Dharmadarsi vacates or is removed from office before the expiry of the term of five years specified in para 11 *supra*, the Government may, on the recommendation of the Deputy Commissioner, fill up the vacancy by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

15. All appointments and removals of Dharmadarsees shall be duly notified in the *Mysore Gazette*.

16. The foregoing rules shall apply *mutatis mutandis* to Nazarin-e-owkoffs appointed for Mohamedan institutions under Muzrai management.

AND READ—

Letter No. 3702, dated 4th July 1898, from the Chief Engineer of Mysore, forwarding a modified project amounting to Rs. 4,686, for the construction of the In-patients' Ward according to a revised type design, and requesting sanction of Government in the Muzrai Department to the original grant of Rs. 2,500 being increased to Rs. 4,686.

No. 483-6—Muz. F. 63-93. DATED BANGALORE, 16TH OCTOBER 1898.

ORDER THEREON.—The promised contribution from the Kalasa temple funds, for the special In-patients' Ward at the Dispensary at Kalasa, will, under the circumstances, be raised from Rs. 2,500 to Rs. 4,686. At the same time, it must be distinctly understood that the temple in giving this contribution is making a grant by way of aid to the funds from which the Dispensary is maintainable, and that it (the temple) should not therefore be called upon to bear charges for future maintenance in any form whatsoever.

2. The Comptroller will be requested to place the sum of Rs. 4,686 now sanctioned, at the disposal of the Public Works Department, debiting the charge to the savings available at the credit of the Sri Kalaseswaraswami temple at Kalasa.

PUBLIC WORKS.

Proceedings of the Government of Mysore,

No. 5.-1-5. BANGALORE, DATED 12TH OCTOBER 1898.

From

The Chief Engineer of Mysore.

To

The Superintending Engineers of Circles.

The attention of the Executive Engineers has frequently been called by this office to the irregularity of sending in a revised estimate when the work is approaching completion, and a large excess has already been incurred over the sanctioned original project, but the irregularity nevertheless still continues. Superintending Engineers are therefore now requested to be so good as to point out to the Executive Engineers of their Circles that, in future, if they do not strictly comply with the codal rules on the subject, they will be held ***personally responsible*** for all unauthorized excess outlay that may be incurred, and that it will be deducted in whole, or in part, from their salaries. The Chief Engineer regrets that he should be obliged to resort to this extreme measure; but he sees no other way of getting Executive Engineers to attend to their clear duty of sending revised estimates in time to allow of orders being passed on them, before the original estimates are worked out.

II. Executive Engineers should also be instructed to exercise greater care in the preparation of projects, in the first instance, in order to obviate the necessity for revised estimates, which now come in for nearly every large sanctioned work.
